

# Proactive Control with StoneGate™

*"Technology wise they are the leader. I don't see any other vendor right now that even comes close. The manageability is unbelievable."*

**Deloitte** • Iain Hardcastle, Manager, Management Information Systems  
Deloitte & Touche

*"We've only got a team of three, but we can execute like a team of 10. The StoneGate Management Center has taken us out of fire-drill mode and given us the ability to handle network security and performance proactively."*

Dave Marcum, IT Systems Manager  
Twin Rivers Unified School District

*"In order to put in a new rule in place on our previous firewalls, I had to manually update it in six different locations. The addition of a rule could take anywhere from two to three hours, whereas with the StoneGate solutions updates just take a few minutes."*

Conyers Dill & Pearman • Terrance Dean, Senior Engineer  
Conyers Dill & Pearman

*"The StoneGate solutions offered us a great value, which in turn allowed us to be more proactive in ensuring redundancy for the entire network."*

Hovman Javdan, Network and Security Administrator
